Disclosure Document

This document includes important information to help you carefully compare the investment options available under your retirement plan. For participant directed individual account plans, it is being distributed and contains retirement plan fee information to comply with federal regulation. If you want additional information about your investment options, you can go to the specific web address shown in the tables below or you can contact John Hancock Retirement Plan Services, LLC ("John Hancock") at myplan.johnancock.com or at 833-388-6466 from 8 a.m. to 10 p.m. on New York Stock Exchange business days.

Si tiene preguntas acerca de esta información, llame al 888.440.0022. Los Agentes de servicio a los participantes están disponibles de 10:00 a.m. a 8 p.m. Hora del Este, todos los días hábiles de la Bolsa de Valores de Nueva York. Para protección suya, todas las llamadas a nuestros agentes son grabadas.

PERFORMANCE INFORMATION

The information in this table focuses on the performance of investment options that do not have a fixed or stated rate of return. It shows how these investments have performed in the past and allows you to compare them with appropriate benchmarks for the same time periods. Information about an option's principal risks is available through the following website, myplan.johnhancock.com/investment_info. Please enter code "LO6302" to view your plan investment option details.

Total returns include changes in share price and reinvestment of all dividends and capital gains, if any, but not the effect of any sales charges, which are waived for qualified retirement plans. If sales charges were included, total returns would be lower.

For funds with redemption fees, performance shown does not reflect the deduction of this fee which would reduce performance.

Investment options are grouped according to investment objective. Within each investment objective grouping, funds are listed in alphabetical order. For more specific information, please refer to the investments' specific disclosure information.

Performance data quoted represents past performance. Past performance is no guarantee of future results. Due to market volatility, current performance may be less or higher than the figures shown. For the most recent month-end performance information, please log onto myplan.johnhancock.com or call a John Hancock representative at 833-388-6466.

Target Date

The target date is the expected year in which participants in a Target Date Portfolio plan to retire and no longer make contributions. The investment strategy of these Portfolios are designed to become more conservative over time as the target date approaches (or if applicable passes) the target retirement date. The principal value of your investment as well as your potential rate of return, are not guaranteed at any time, including at or after the target retirement date. An investor should examine the asset allocation of the fund to ensure it is consistent with their own risk tolerance.

Total returns are historical and include changes in share price and reinvestment of all dividends and capital gains, if any, but not the effect of any sales charges, which are waived for qualified retirement plans. If sales charges were included, total returns would be lower. Note - This Investment Return report is designed to provide investors with an illustration of the performance of only those funds and/or investments in the Plan's lineup as of the report date provided at the top of the first page. This report does not report performance figures for those funds and/or investments that were once in the Plan's lineup, and have since been removed from the lineup prior to the report date at the top of the first page. Further, the performance returns reported on this document represents performance for each respective fund; however, this does not represent the actual performance experience of individual participants within the Plan, due to participant's variability in

cash flows, timing of cash flows, etc. For actual performance experience, participants should refer to the Personal rate of Return function online at mylife.jhrps.com, our Voice Response System (VRS), John Hancock participant service center, or periodic participant statements.

^aThe expense ratio includes the fund company management fee and the additional John Hancock Retirement Plan Services, LLC administrative fee.

FEE AND EXPENSE INFORMATION

The following table shows fee and expense information for the plan's investment options. The Total Annual Operating Expenses are expenses that reduce the rates of return of the investment option. This table also shows any redemption fees charged by an investment option upon the sale or exchange of shares and the minimum number of days one must hold the investment in order to avoid a redemption fee.

Expense ratio (gross) does not include fee waivers or expense reimbursements which result in lower actual cost to the investor.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at <https://www.dol.gov/agencies/ebsa/laws-and-regulations/laws/pension-protection-act/investing-and-diversification>. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Please visit myplan.johnhancock.com for a glossary of investment terms relevant to this plan. The glossary is intended to help you better understand your options.

PLAN-RELATED INFORMATION

PLAN ADMINISTRATIVE EXPENSES

The plan may pay service providers for administrative services rendered during the year, such as recordkeeping and investment advisory services. Service providers may offset the fees they would otherwise charge with revenue sharing payments that the service provider receives in connection with plan investment options, otherwise their service fees may be paid from a segregated account under the plan and/or may be charged against participants' or beneficiaries' accounts on a pro rata basis, per capita basis, or as a specific dollar amount, subject to the terms of the plan. In some circumstances, portions of such payments may be credited back to your account. Any amounts charged or credited against your account will be disclosed online and in your statement on a quarterly basis.

ACCESS TO INFORMATION

As a participant in the plan, you have the right to request paper copies, free of charge, of any information required to be available on the plan website. This includes past and current statements. To request this, you can contact a John Hancock participant service representative at 833-388-6466 from 08:00 a.m. to 10:00 p.m. Eastern time on New York Stock Exchange business days. For your protection, all calls to our representatives are recorded. In addition, your past and current statements are available through our secure website at mylife.jhrps.com/statements.

PARTICIPANT EXPENSES

The following fees are applicable. If any of these fees apply to you, they will appear on your quarterly account statement.

Loan Fees	\$ 100.00
Hardship Fee	\$ 75.00
Insufficient Funds Fee	\$ 25.00

SELF-DIRECTED BROKERAGE OPTION

In addition to the designated investment alternatives available to you, your plan offers you the option of making your own investments through a self-directed brokerage account that is established with Charles Schwab. This account allows you to buy, sell and trade a large number of stocks, bonds, mutual funds and other types of securities. The service is offered through Charles Schwab. To establish a self-directed brokerage account, go to myplan.johnhancock.com and obtain the account opening agreement. After your self-directed brokerage account is established, you may also go to myplan.johnhancock.com to access your account and provide investment instructions. For information about Charles Schwab's fees, refer to the Personal Choice Retirement Account (PCRA) pricing summary or the plan participant Important Account Agreement and Disclosure Information package available at myplan.johnhancock.com. To the extent Charles Schwab fees are charged to your account, the charges and amounts will be disclosed on your Charles Schwab trade confirmations and/or Charles Schwab account statements. If you have any questions about self-directed brokerage accounts, the applicable fees associated with the purchase or sale of a security through such account or want to obtain a prospectus for a particular investment containing important fee and other information for the investment, contact Charles Schwab at 1-888-393-7272.

ABILITY TO DIRECT INVESTMENTS

You have the right to transfer into or out of any investment option in your plan at any time, provided such transfer is permitted by the investment offeror. Investment options in your plan may have implemented restrictions such as redemption fees or short-term trading prohibitions. If redemption fees apply to any of the options in this plan, those fees and the holding period required to avoid the fees will be listed in the Fees and Expenses section above. Mutual funds are not appropriate for frequent trading and most mutual funds monitor and restrict such activity. If you conduct transactions in a particular fund too often or attempt to exchange among related funds soon after purchasing, the mutual fund may restrict or deny future purchases. The plan's named fiduciary, or its delegate, exercises voting, tender and any similar rights associated with the plan's designated investment alternatives unless the plan offers an employer stock investment alternative. In the case of employer stock, voting rights are generally exercised based upon participant instruction. Please review the funds' prospectuses for more information. To change any of your investments, you can go to myplan.johnhancock.com at any time, or you can call us at 833-388-6466 from 08:00 a.m. to 10:00 p.m. Eastern time on New York Stock Exchange business days. For your protection, all calls to our Representatives are recorded.

ABOUT RISK

All investing involves risk. It is possible that your investment objectives may not be met. All mutual funds are subject to market risk and may fluctuate in value.
